

Join me and my
fire fighter
friends and have
some fun while
learning some
important fire
safety messages.

Fire fighters are our friends.
Always listen to what they say,
they may save your life!

Tasmania Fire Service

If there is a fire, remember
to get out and stay out, go to
your safe meeting place and
dial triple zero (000).

If you have a friend staying
over, show them your home
fire escape plan so they know
what to do in an emergency.

Install a smoke alarm in every
sleeping area (bedroom),
hallway and living area.

Tasmania Fire Service

Have fun & learn about Fire Safety
